

RYE CITY School District—Department of Health, Physical Education, and Athletics

How to register your student for school sports:

- Go to: <https://www.ryeschools.org/>
 - Hover over Departments.
 - Choose Athletics from the Drop down menu.
- See Web Resources in the lower right corner of the page and scroll down.
- Click on FamilyID.

- Note deadlines and requirements.
 - To register your athlete, log in to your existing account, or create a new account.

Please note:

- Registration on FamilyID typically opens four weeks before the start date for the sport;
- Registration then closes **before** the sport's start date and therefore before tryouts begin;
- Students will not be permitted to participate in tryouts for a sport unless their registration in FamilyID is complete and has been approved by the Rye City School District Health Office;
- Late registration: registration will reopen open after the start date of the sport; however late registration will delay approval and participation in tryouts;
- Missing tryout days may impact the student athlete's participation on a team.
